## ARTICLE I

ESTABLISHMENT OF PLAN AND TRUST

- 1.1 Establishment of Plan. House Bill No. 1070, enacted by the Legislature of the State of Mississippi, established the Optional Retirement Plan for Institutions of Higher Learning in the State of Mississippi (the “Plan”) as of July 1, 1990. This Plan document sets forth the provisions of this Defined Contribution (Money Purchase) Retirement Plan, as defined in Section 2.8, and which is a governmental plan, as defined in Internal Revenue Code Section 414(d) (“Code” or “Code Section”) and establishes a Trust for the Plan Assets. The Plan is intended to be a qualified plan under Code Section 401(a).

The Plan and Trust are established for the exclusive benefit of Participants and their Beneficiaries. Consistent with Code Section 401(a)(2), no amount held under the Plan will ever inure to the benefit of the Plan Sponsor, any Institution, or any successor of any of them, and all Plan investments and amounts will be held for the exclusive purpose of providing benefits to the Plan’s Participants and their Beneficiaries. Notwithstanding anything in the Plan to the contrary, it will be impossible at any time before the satisfaction of all liabilities to Participants and Beneficiaries for any part of the Plan assets to be used for or diverted to purposes other than for the exclusive benefit of Participants and Beneficiaries, except that payment of taxes and administration expenses may be made from the Plan assets as provided by the Plan or permitted by Applicable law.

Plan contributions are invested, at the direction of each participant, in one or more Funding Vehicles available to Participants under the Plan. Required Participant Plan Contributions are designated “picked-up” by the Institution so as not to be included in Participants’ gross income for federal tax purposes as provided by Code Section 414(h)(2).

This Plan is being amended and restated in its entirety effective February 1, 2009.

## ARTICLE III

ELIGIBILITY FOR PARTICIPATION

- 3.1 Participation. In lieu of participation in the Public Employees' Retirement System of Mississippi (PERS), Eligible Employees may elect to begin participation in this Plan on the Plan Entry Date. Such elections, which are irrevocable, must be made no later than 30 days following date of initial employment.

Any person electing to participate in the Plan shall be ineligible for membership in PERS so long as he or she is employed in a position for which the Plan is available.

A Participant transferred or reclassified to a position that does not qualify for participation in this Plan will cease to participate in the Plan.

Where an Employee covered under PERS in a position other than one as defined under Section 2.12 of the Plan is employed by the Institutions after July 1, 1990, in an ORP-eligible position, such Employee would be entitled to the option to elect to join the Plan.

An Eligible Employee covered under PERS who terminates employment with an Institution and who is reemployed by an Institution after a valid Break in Service as defined in Section 2.6 of the Plan may elect to participate in the Plan, provided the eligible employee has not retired from the Public Employees' Retirement System of Mississippi.

- 3.2 Notification. The Institution will notify each Eligible Employee when participation in the Plan begins. Each Participant is entitled to the benefits and is bound by all of the terms, provisions, and conditions of this Plan, including any and all amendments which from time to time may be adopted, including the terms, provisions and conditions of any contract and/or certificate under the Plan.

- 3.3 Reemployment. An Eligible Employee who is reemployed by the Institution after a valid Break in Service will be eligible for participation upon meeting the participation requirements set forth in Section 3.1. However, once an Eligible Employee has irrevocably elected to participate in the Plan, the Eligible Employee must once again participate in the Plan upon any subsequent reemployment in a Teaching Position or an Administrative Faculty Position. Moreover, any Eligible Employee drawing a monthly retirement allowance from the Public Employees' Retirement System of Mississippi, who is subsequently employed in a Teaching Position or an Administrative Faculty Position must comply with the reemployment limitations as they may be amended from time to time as set forth in Miss. Code Ann. Section 25-11-127 (1972 as amended), unless such retirement allowance is terminated and the Employee returns to covered employment.
- 3.4 Enrollment in Plan. To participate in this Plan, an Eligible Employee initially employed on or after July 1, 1990, shall complete and return to the employing Institution within thirty (30) days of the later of (a) entry into employment, or (b) the effective date of the Plan, (1) PERS Form 4E ORP Election Form, (2) PERS Form 45 Vendor Selection Form and (3) the appropriate enrollment form(s) for the Fund Sponsor(s) and Funding Vehicle(s) selected. If an Eligible Employee does not return the appropriate Election Form and Vendor Selection Form to the employer within 30 days, he or she shall become a member of the Public Employees' Retirement System of Mississippi (PERS) in accordance with Miss. Code Ann. Section 25-11-101 et seq. (1972 as amended).
- An election to participate in the Plan shall be irrevocable. The election shall be in writing and filed with the employing Institution, or as otherwise provided by the Board.
- 3.5 Cessation of Active Participation. A Participant shall no longer continue to contribute to the Plan if:
- (a) he or she assumes a position in state service other than as an Employee of a State Institution;
  - (b) he or she is retired or terminated from employment with the Institution;

- (c) he or she is transferred or reclassified to a position that does not qualify for participation in this Plan; or
- (d) the Plan is terminated.

Where a Participant in the Plan accepts a position that is not eligible for the Optional Retirement Plan, that individual's participation in the Plan will be suspended during the period in which the individual occupies a position for which participation in the Plan is not available. The individual's participation in the Plan will recommence when the individual again occupies a position for which participation in the Plan is available by virtue of the election made at the time of initial employment.

## ARTICLE IV

PLAN CONTRIBUTIONS

- 4.1 Plan Contributions. The Institution will make Institution Plan Contributions monthly during years of participation in accordance with the schedule set forth below except as the same may hereafter be changed by statute, regulation, or termination of the Plan.

Pursuant to Miss. Code Ann. §25-11-415, (1972, as amended) the Board of Trustees is authorized to deduct a fee of up to two percent (2 %) of the employers' contribution to defray the cost of administering the plan. Effective July 1, 2009, the Board has set the fee at one percent (1 %) of the employers' total contribution which shall be transferred each month to PERS when contributions are due.

The Participant's contribution of 7.25 % of compensation, which is "picked-up" by the Institution, shall be credited to the Participant's account. The Institution shall contribute 9.50 % of the Participant's compensation, reduced by the administrative fee noted above, to be credited to the Participant's account. In addition, the Institution shall contribute 2.50 % of the Participant's compensation, reduced by the administrative fee noted above, to PERS for application to the accrued liability contribution fund.

In no event will compensation taken into account under the Plan exceed the limit of Code Section 401(a)(17) as such amount may be adjusted by the Secretary of Treasury from time to time.

All Plan contributions are fully vested and nonforfeitable. Plan contributions during educational, maternity and sick leave are provisional on the continuation of salary or compensation by the employing Institution.

**4.1 (a) Contributions during Qualified Military Service**

Notwithstanding any provision of this Plan to the contrary, contributions, benefits and service credit with respect to Qualified Military Service will be provided in accordance with Code Section 414(u)(5). A Participant shall be allowed to make Participant Plan Contributions, on an after-tax basis, for each year of Qualified Military Service in any amount up to the maximum Participant contributions the Participant would have been eligible to contribute had he not been in Qualified Military Service based on his compensation as herein defined, provided such Participant entered such Qualified Military Service directly from the employ of the Institution and was reemployed by the Institution immediately following discharge from such Qualified Military Service. The

Participant shall be required to contribute such make-up Participant Plan Contributions during the period which begins on the date of the Participant's reemployment with the Institution and not exceeding three (3) times the Participant's Qualified Military Service; provided however, that in no event shall such period exceed five (5) years.

If the Participant makes the required Participant Plan contribution as noted above, an Institution Plan Contribution shall be made for any eligible Participant for each year of Qualified Military Service in an amount equal to the amount the Participant would have been credited had he not been in Qualified Military Service based on his compensation as herein defined.

A Participant who is in Qualified Military Service shall be treated as receiving compensation during such period of Qualified Military Service equal to the compensation the Participant would have received during such period if the Participant were not in Qualified Military Service, determined based on the rate of pay the Participant would have received from the Institution but for absence during the period of Qualified Military Service.

Any Institution Plan Contributions made pursuant to this Section shall not be subject to any otherwise applicable limitations contained in Code Section 404(a), 402(g), or 415 with respect to the year in which the Institution Plan Contributions are made; however, such Institution Plan Contributions shall be subject to such limitations with respect to the year to which the Institution Plan Contributions relate.

Qualified Military Service means any service in the uniformed services (as defined in Chapter 43, Title 38, United States Code) by any individual if such individual is entitled to reemployment rights under such chapter with respect to such services.

- 4.2 Allocation of Plan Contributions. Plan contributions to the Participant's account shall be forwarded by the Institution to the Fund Sponsor of the Funding Vehicle(s) selected by a

Participant and may be allocated by the Participant to one or more Funding Vehicles in whole-number percentages. At least as frequently as once a month a Participant may change his or her allocation of future Plan contributions to such Funding Vehicle(s) of a Fund Sponsor.

A Participant may direct contributions to more than one Fund Sponsor. A Participant may change Fund Sponsors quarterly, and such changes are effective January 1, April 1, July 1, and October 1 of each year if the correct form is received by the date specified by the Institution.

- 4.3 Statements. The Institution will determine the total amount of contributions to be made for each Participant from time to time on the basis of its books and records and in accordance with the provisions of this Article. When each contribution payment is made by the Institution, the Institution will prepare a statement showing the name of each Participant and the portion of the payment which is made for him or her and will deliver a copy of the statement to the appropriate Fund Sponsor(s) with the contributions payment.
- 4.4 Record Maintenance. Records for each Participant under this Plan are maintained on a calendar year basis. At least once a quarter the Fund Sponsor(s) will send each Participant a report summarizing the status of his or her Accumulation Account(s) as of the end of that current quarter. Similar reports or illustrations may be obtained by a Participant upon Termination of Employment or at any other time by writing directly to the Fund Sponsor(s).
- 4.5 Limitations. Notwithstanding anything to the contrary contained in this Plan, the obligation of the Institution to make Institution Plan Contributions is subject to the provisions of Article X relating to the amendment and termination of the Plan, provided that no amendment or termination will affect any obligation of the Institution to make Institution Plan Contributions with respect to Compensation earned by Participants prior to the date of amendment or termination.

- 4.6 No Reversion. All contributions and earnings thereon credited to the Plan and/or Participants' accounts shall be irrevocable except as provided herein, and may only be used for the exclusive benefit of the Participants, former Participants, and their spouses or Beneficiaries. Under no circumstances or conditions will any contribution of the Institution revert to, be paid to, or inure to the benefit of, directly or indirectly, the Institution. However, in the event that incorrect or erroneous Plan contributions are made by the Institution by mistake, these Plan contributions will be returned to the Institution within 30 days after notification of the error.
- 4.7 Maximum Contribution. Notwithstanding anything contained in this Plan document to the contrary, the total annual additions made on behalf of any Participant for any year will not exceed the amount permitted under Code Section 415. Notwithstanding the foregoing, the otherwise permissible annual contributions for any Participant under this Plan may be further reduced to the extent necessary to prevent disqualification of the Plan under Code Section 415.
- If the annual additions exceed the limitations, the excess amounts will be held unallocated in a suspense account and will be applied to reduce further contributions by the Institution to the Plan.
- If the limitations are exceeded because the Participant is also participating in another Plan required to be aggregated with this Plan for the purposes of Code Section 415, then the extent to which annual contributions under this Plan will be reduced, as compared with the extent to which annual benefits or contributions under any other plans will be reduced, will be determined by the Institution in a manner as to maximize the aggregate benefits payable to the Participant from all plans. If the reduction is under this Plan, the Institution will advise affected Participants of any additional limitation on their annual contributions required by this paragraph.

## ARTICLE V

FUND SPONSORS/FUNDING VEHICLES

- 5.1 Fund Sponsors/Funding Vehicles. Plan contributions are invested in one or more Funding Vehicles available to Participants under this Plan.
- 5.2 Fund Transfers. Subject to a Funding Vehicle's rules for transfers and in accordance with the provisions of the Code for maintaining the tax deferral of the Accumulation Account(s), a Participant may specify that a part or all of his or her Accumulation Account in one Funding Vehicle may be transferred to another Funding Vehicle(s) of the Fund Sponsor or the Funding Vehicle(s) of another Fund Sponsor. Transfers between Fund Sponsors are subject to each Fund Sponsor's rules for such transfers.

## ARTICLE VI

VESTING

- 6.1 Participant Plan Contributions. Amounts attributable to Participant Plan Contributions shall at all times be nonforfeitable.
- 6.2 Institution Plan Contributions. Amounts credited to the member account derived from Institution Plan Contributions shall be nonforfeitable when such Institution Plan Contributions are made.

## ARTICLE VII

BENEFITS

- 7.1 Retirement Benefits. Following attainment of Normal Retirement Date or other Termination of Employment at any age and subject to any applicable penalties and tax, a Participant may elect to receive benefits under any of the options set forth in Section 7.4 and in the contracts between the Fund Sponsor(s) and Participant and/or the Trustee. In no case shall any distribution be made prior to Termination of Employment.
- 7.2 Death and Disability Benefits. In the event a Participant becomes totally and permanently disabled or dies prior to commencement of retirement benefit payments, the full current value of the vested amount in the Accumulation Account(s) is then payable to the Participant or to the Participant's Beneficiary or Beneficiaries as named by the Participant, under one of the options offered by the Fund Sponsor(s). In no case shall any distribution be made prior to Termination of Employment.
- 7.3 Application for Benefits. Procedures for receipt of benefits are initiated by writing directly to the Fund Sponsor(s). Benefits provided by Funding Vehicles or contract(s) to which Plan contributions have been applied will be payable by the Fund Sponsor(s) upon receipt of an application for benefits, and applicable supporting documentation, which the Fund Sponsor(s) determines to be in good order. The necessary forms will be provided to the Participant, the surviving spouse, or the Beneficiary by the Fund Sponsor(s). A representative of the Institution, or its designee, must sign the requisite form for all distributions of funds for the payment of benefits from the Plan, including rollover distributions, surrenders, or other forms of distribution/payment.
- 7.4 Distribution Requirements. The requirements of this Section apply to any distribution of a Participant's Accumulation Account(s). Such distributions will in all cases be made in

accordance with a good faith interpretation of Code Section 401(a)(9).

- (a) Limits on Settlement Options. Distributions may only be made over one of the following periods (or a combination thereof):
  - i) The life of the Participant,
  - ii) The life of the Participant and a designated Beneficiary, or
  - iii) A period certain not extending beyond the joint and last survivor life expectancy of the Participant and the designated Beneficiary, or
  - iv) Lump sum, subject to provision of applicable Funding Vehicle(s), or
  - v) Any other distribution set forth in the contracts between the Fund Sponsor(s) and Participant and/or the Trustee.

Notwithstanding anything contained herein to the contrary, the Plan shall in all events commence distribution of the interest of each Participant in accordance with this section not later than April 1 of the calendar year following the calendar year in which the Participant attains age seventy and one-half (70 ½), or in the calendar year in which he retires, which ever is later, but in all instances distribution shall occur in accordance with a good faith interpretation of Code Section 401(a)(9), including the minimum distribution incidental death benefit requirements of Treasury Regulation 1.401(a)(9)-2. The life expectancy of a Participant and the Participant's spouse (other than for a life annuity) may be redetermined annually at the Participant's election. If a distribution is required to begin according to Section 7.4(a) and the Participant has not filed a claim by the date that is sixty (60) days before the Participant's required beginning date as required in Code Section 401(a)(9), the Fund Sponsor shall direct payment according to the automatic payout option provided by the applicable Funding Vehicle(s), or, to the extent not so provided, as a lump sum distribution.

- (b) Death Distribution Provisions. Upon death of the Participant, the following distribution provisions will take effect:

- i) If the Participant dies after distribution of his or her vested Accumulation Account(s) has begun, the remaining portion of the Accumulation Account will continue to be distributed at least as rapidly as under the method of distribution being used prior to the participant's death.
- ii) If the Participant dies before distribution of his or her Accumulation Account(s) begins, the Participant's entire Accumulation Account will be distributed no later than five years after the Participant's death except to the extent that an election is made to receive distributions in accordance with (1) or (2) below:
  - (1) If any portion of the Participant's Accumulation Account(s) is payable to a designated Beneficiary, distributions may be made in substantially equal installments over the life or life expectancy of the designated Beneficiary beginning no later than one year after the Participant's death.
  - (2) If the designated Beneficiary is the Participant's surviving spouse, the date distributions are required to begin in accordance with (1) above must not be later than the date on which the Participant would have attained age 70 1/2, and if the spouse dies before payments begin, subsequent distributions will be made as if the spouse had been the Participant.
  - (3) If a distribution is required to begin to a Beneficiary and the Beneficiary has not filed a claim by the date that is sixty (60) days before the date required by Code Section 401(a)(9), the Fund Sponsor shall direct payment according to the automatic payout

option provided by the applicable Funding Vehicle(s), or, to the extent not so provided, as a lump sum distribution.

- 7.5 Eligibility for Health Insurance Coverage at Retirement. To the extent a Participant otherwise meets the State and School Employees' Life and Health Insurance Plan's eligibility requirements to participate in such plan as a retiree of a Mississippi retirement plan, retirees of the Plan are eligible to continue participation in the State and School Employees' Life and Health Insurance Plan under the same terms and conditions as retirees of the Public Employees' Retirement System of Mississippi.
- 7.6 Effect of Unused Leave at Retirement or Termination of Employment. If, at retirement or Termination of Employment, a Participant in the Plan has unused leave, then the Participant may be paid for any such unused leave to the extent allowed by state law. Appropriate Institution and Participant Plan Contributions shall be made to the Plan for such lump sum payment of unused leave in accordance with Miss. Code Ann. Section 25-11-103(f) (1972 as amended). Where an employee has earned and has been reported for the maximum annual allowable earnings, he or she may be paid for up to 30 days of unused leave in accordance with the leave laws of the State of Mississippi; however, contributions shall not be withheld on any such lump sum leave payment resulting in the earnings for the year which exceed the maximum allowable under the Plan for the year or a proportionate share of a year, whichever is applicable. Any remaining unused, uncompensated leave lapses upon retirement or Termination of Employment.
- 7.7 Direct Rollover
- (a) Consistent with Code Section 401(a)(31), a Participant shall be permitted to elect to have any "eligible rollover distribution" transferred directly to an "eligible retirement plan" specified by the Participant. The Plan provisions otherwise applicable to distributions continue to apply to the direct transfer option. The Participant shall, in the time and manner prescribed, specify the amount to be

directly transferred and the “eligible retirement plan” to receive the transfer. Any portion of a distribution which is not transferred shall be distributed to the Participant. For purposes of this Section, the term “eligible rollover distribution” means any distribution of the balance to the credit of the Participant other than: (a) a distribution of substantially equal periodic payments over the life or life expectancy of the Participant (or joint life or joint life expectancies of the Participant and the designated Beneficiary) or, (b) a distribution over a specified period certain of ten (10) years or more. Amounts required to be distributed under Code Section 401(a)(9) are not eligible rollover distributions. The direct transfer option described in subsection (a) applies only to eligible rollover distributions which would otherwise be includible in gross income if not transferred. For purposes of the direct rollover provision of this Plan, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in Code Sections 408(a) or (b), or to a qualified defined contribution plan described in Code Sections 401(a) or 403(a), or on or after January 1, 2007, to a qualified defined benefit plan described in Code Section 401(a) or to an annuity contract described in Code Section 403(b), that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

- (b) For purposes of this Section, the term “eligible retirement plan” means an individual retirement account as described in Code Section 408(a), an individual retirement annuity as described in Code Section 408(b), an annuity plan as described in Code Section 403(a), or a qualified retirement plan as described in

Code Section 401(a) which is exempt from tax under Code Section 501(a) and which accepts rollover distributions. Transfers under this section shall not be considered assignments under Section 8.1. An eligible retirement plan shall also mean an annuity contract described in Code Section 403(b) and an eligible plan under Code Section 457(b) which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. Effective January 1, 2008, “eligible retirement plan” may also include a Roth IRA as described in Code Section 408(A).

The definition of “eligible retirement plan” shall also apply in the case of a distribution to a surviving spouse. The election described in subsection (a) also applies to the surviving spouse after the Participant’s death.

A distribution of all or any portion of the balance to the credit of a deceased member payable to a non-spouse Beneficiary is also qualified as an eligible rollover distribution. However, a non-spouse Beneficiary may rollover the distribution only to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution and the account or annuity will be treated as an “inherited” individual retirement account or annuity.

## 7.8 Types of Rollovers Accepted

### A. Direct Rollovers:

The Plan will accept a direct rollover of an eligible rollover distribution from:

- a) A qualified plan described in Code Section 401(a) or 403(a), including after-tax employee contributions,
- b) An annuity contract described in Code Section 403(b), excluding after-tax employee contributions,

- c) An eligible plan under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

B. Participant Rollover Contributions from Other Plans:

The Plan will accept a Participant contribution from an eligible rollover distribution from:

- a) a qualified plan described in Code Section 401(a) or 403(a),

- c) an eligible plan under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.

C. Participant Rollover Contributions from IRAs.

The Plan will not accept a participant rollover contribution of the portion of a distribution from an individual retirement account or annuity described in Code Section 408(a) or 408(b) that is eligible to be rolled over and would otherwise be includible in gross income. The Plan will not accept Participant contributions from a Roth IRA described in Code Section 408A.

7.9 Other Benefits

No retirement benefit, death benefit or other benefit under the Plan shall be paid by the State of Mississippi or a participating Institution, or the Board with respect to any Employee selecting and participating in the Plan or with respect to any Beneficiary of that Employee. The benefits payable to a Participant or his or her Beneficiary whose funds are invested with annuity providers shall be governed solely by the terms of the contracts of the issuing insurance company or companies. To the extent that a Participant has invested funds in mutual fund shares, the benefits shall be limited to the value of the shares in the Participant's account.

## ARTICLE VIII

In exercising these powers and authority, the Board will at all times exercise good faith, apply standards of uniform application and refrain from arbitrary action. ## ARTICLE X

AMENDMENT AND TERMINATION

- 10.1 Amendment and Termination. While it is expected that this Plan will continue indefinitely, the Board reserves the right at any time to amend, otherwise modify, or terminate the Plan or to discontinue any further contributions or payments under the Plan as authorized by the Legislature. In the event of a termination of the Plan or discontinuance of Plan contributions, the Board will notify all Participants of the termination. As of the date of complete or partial termination, all Accumulation Accounts will become nonforfeitable to the extent funded.
- 10.2 Limitation. Notwithstanding the provisions of Section 10.1, the following conditions and limitations apply:

However, Institution Plan Contributions made in contemplation of approval by the Internal Revenue Service may be returned to the Institution if the Internal Revenue Service fails to approve the Plan. In the event that a Fund Sponsor has funds as a result of an error, it shall pay to the Institution the amount found to be in error within 30 days.

If special circumstances require a delay on the initial decision on a claim or a review of a denied claim, the Fund Sponsor will notify the Participant within 30 days of the date the claim was initially submitted or within 60 days of the date a review was requested.
